SWITCH HOMES

Building Sustainable & Affordable Communities

We build our homes with all of our futures in mind.
Every decision was thoughtfully made with our
environment and your families quality of life in mind.
In other words, your friends might be jealous.

The I'm Old, But Still Cooler Than You...

Always be nice to your children because they are
the ones who will choose your rest home. If you've
been nice, your children will pick this one!

That front room can be your office, another
bedroom (yawn), or maybe a place to build that
fort with your grand kids!
