Davenport, Iowa

# SWITCH HOMES

Building Sustainable & Affordable Communities

We build our homes with all of our futures in mind.  
Every decision was thoughtfully made with our environment and your families quality of life in mind.  
In other words, your friends might be jealous.

## The Intellectual

**1570sf • 3 bed / 2 bath**

Have you ever made an intellectual joke and nobody got it? Yeah, me neither. Well good news, this one could be the last home you need to buy as it has all the features you could want.

Three spacious bedrooms, a huge living room, and attached garage, what else could we want in life? Pretty smart, huh?
